**Amazing Magnets Achieves ISO 9001-2015 Certification**

Round Rock, Texas – Amazing Magnets is proud to announce it has achieved ISO 9001-2015 certification.

ISO 9001-2015 is the most recent version of the internationally recognized ISO 9001 standard, which sets out the requirements for a quality management system. Amazing Magnets went about a rigorous evaluation process to ensure its processes, procedures, and systems all meet the standard's high requirements.

"We are thrilled to have achieved ISO 9001-2015 certification," said Tim Boettcher. "It is a testament to the hard work and dedication of our entire team, and it underscores our commitment to providing our customers with the highest level of quality and service."

The certification applies to Amazing Magnets' being a major distributor of strong rare earth magnets and is valid for three years. Amazing Magnets will be subject to regular audits to ensure ongoing compliance with the standard.

Amazing Magnets' headquarters and distribution center is located in Round Rock, Texas, and our goal is to satisfy our customers' needs by providing excellent customer service. With our ISO 9001-2015 certification, we are even better equipped to meet and exceed our customers' expectations.
